Cameo Comedy  
with  
Cliff Bowes

Virginia Vance

Directed by Stephen Roberts. ✓

Virginia, a peach that had never been picked, has three hours in which to get married or lose her interest in a prosperous mouse-trap factory. The reason Virginia has not been married before was she had two suitors, and she could not decide which one she wanted to call "hubby" until the divorce court did them part.

Her father, who was so fat that when he walked his stomach was four feet ahead of his ankles, told Virginia that she must choose today, so both lovers were invited to the house, and when they got through playing practical jokes on each other Virginia decided to take Cliff.

After a quick wedding they were installed in their love nest, which was all paid for but the house and lot. The rival was a hard loser and a born home-wrecker. He got busy at once with saws, hammers and gimlets, and when Virginia's father came to pay them his first visit the house came down with a crash.
